

## **Rules Change Proposals to Consider for 2024**

At the Winter Meeting on February 4, those present recommended the following rules change proposals for a formal vote by the Committee-of-the-Whole.

- A. Modify “dump” trade rules to allow a team to dump twice in two (2) separate trades, but to allow a team to be dumped on only once per regular season. The two dumps must be made with 2 different teams.
- B. Newly-acquired Free Agent players, with the exception of those purchased at \$25 or more, immediately become 1<sup>st</sup> year players (contract = A) even if they still have “rookie” status per BMRBA.
